

AGED CHEDDAR CHEESE

1885 Ellsworth Reserve

1885 Ellsworth Reserve

Our 1885 Ellsworth Reserve is named to honor the ingenuity and determination of local pioneers who carved the Ellsworth caves for food storage and preservation.

Aged to perfection, this traditional cheddar cheese has a hearty and complex flavor profile that is sharp with a hint of sweetness. Firm and smooth, the crumbly texture and sparse tyrosine crystals throughout excite the taste buds. 1885 Ellsworth Reserve continues to develop with age.
